

Reflection: Teaching Classroom Routines

Take a moment to make sure your plan is going to work. Ask yourself the following questions:

- What are the most important classroom routines that my students need to know? Did I create a plan for teaching these routines?
- Are the steps to the routines clear and concise? Are there as few steps as possible?
- Did I create a visual prompt that is developmentally appropriate and will be helpful to the students?
- Are there some children who need more support and/or practice to learn the classroom routines? If so, how can I provide this support?
